*Some programs/courses may have additional fees or tuition differential. All tuition, fees and room/board are subject to change by the Mount St. Joseph University Board of Trustees. Visit msj.edu/financial-aid for more information.

FAFSA (Free Application for Federal Student Aid)

New students interested in receiving financial aid including grants and federal loans need to complete the FAFSA online at www.fafsa.gov. Information from the student and parent tax returns will be used. Estimates can be used if you are completing the FAFSA prior to filing your taxes. (Returning students will complete the FAFSA Renewal.) If you have any questions or need assistance with filing the FAFSA, please contact Student Administrative Services at 513-244-4418. One of our representatives will assist you or individual appointments can be made. **We strongly encourage students to file the FAFSA prior to March 1st each year. Be sure to list Mount St. Joseph University and its six-digit code, 003033.**

Financial Aid Award

New students must be accepted by the university before financial aid can be awarded. Packaging and awarding of financial aid begins as soon as completed FAFSA results are received and our processing system is updated. The sooner the FAFSA is received the better. Financial aid award letters are mailed to students. The award letter reflects the types of financial aid and the amounts for each semester with a yearly total. Again, our Student Administrative Services staff can help with reviewing the financial aid package, out-of-pocket estimates and payment options.

SCHOLARSHIPS AND GRANTS

Scholarship & Academic Award Renewals

Renewal of academic awards will be made after final grades are available at the end of second semester. Financial aid award letters are sent beginning in mid-May to students meeting the renewal criteria for their particular scholarship or award.

TEACH Grant

The Teacher Education Assistance for College and Higher Education (TEACH) Grant Program offers assistance to students who intend to teach in a high-need field and in a school which serves students from lower socioeconomic backgrounds. A minimum GPA of 3.25 is required. Please contact the Student Administrative Services Office at 513-244-4418 if you are interested in this grant or need additional information.

Education At Work

Education at Work is a contact center provider that employs college students to help them earn money to manage the cost of their education, while at the same time gain professional experience and relevant job skills. The Mount has partnered with Education at Work to offer employment opportunities to its students. In 2014, Education at Work chose the Mount for its first on-campus contact center, where students provide customer support services to businesses, including Fortune 500 companies. Mount students who participate in the program must be enrolled at least half-time and can earn up to an additional \$6,000 annually toward their college tuition costs based on GPA and course load. Visit www.education-at-work.org for more information.

LOAN AND PAYMENT OPTIONS

Student Federal Direct Loans

Federal Direct Loans are fixed-interest loans available to students enrolled at least half time to assist with the cost of their college education. Most students who file a FAFSA will be awarded a student Federal Direct Loan. Repayment begins six months after the student graduates, attends less than half time or stops attending college.

Parent Federal Direct Loan (PLUS Loan)

A Federal Direct PLUS Loan is available to parents of dependent students to help cover the cost of education. This fixed-interest loan is based on credit approval. Repayment starts immediately after the final disbursement. Parents have the option to defer the loan up to six months after the student graduates, attends less than half time or stops attending college. To apply for this loan, a parent will need to login to www.studentloans.gov and click on request a direct plus loan. (Note: The U.S. Department of Education is the lender for both the student and parent direct loans).

Private (Alternative) Loan

Private loans are available to assist students with options beyond Federal funds. FastChoice is a product which offers loan information, a list of lenders used by our students in the past and comparison tools for private loans. This program can be accessed at msj.edu/loan by clicking on the FastChoice link. (Note: This list does not include all lenders offering private loans).

Payment Plan

The Mount partners with Tuition Management Systems to offer an interest-free monthly payment option. There is a nominal enrollment fee to participate in the program. For more information or to enroll contact TMS directly at 800-264-6017 or at www.msj.afford.com.

Contact Student Administrative Services direct at 513-244-4418 for additional information and/or assistance with payment options including loans. For more information regarding tuition rates and financial aid, please visit our website: msj.edu/financial-aid.
