COMPASS

Diagnostic & Placement Assessment

COMPASS, a computerized assessment in reading, writing and math, is part of the admission process at the Mount. Preparatory course work is available in writing and math to support you as you strive to achieve your academic goals.

Why is COMPASS important?

Your COMPASS scores are an indication of your preparedness for college level work and help identify what classes you should take during your first semester. Our goal is to ensure that you begin at the right level, with classes that will challenge you but are not so difficult that you’ll feel overwhelmed.

Do I need computer skills?

No. COMPASS is very user friendly. The Learning Center staff is readily available if you need help.

How should I prepare for COMPASS?

Although it isn’t necessary to prepare, you’ll feel more confident and relaxed if you practice. Review sample COMPASS questions and download practice tests at www.act.org/compass/sample. A study guide called “Chart Your Success On the COMPASS Test” is available online as well as in some libraries and bookstores. If you need to review basic algebra concepts, try websites such as www.usmath.com or www.purplemath.com.

How do I schedule my COMPASS?

Call the Learning Center at (513) 244-4202 to make an appointment.
