

EDUCATIONAL STUDIES

We prepare students to change lives and impact communities through the powers of education and engagement. The Bachelor of Arts in Educational Studies has two concentrations: Community Education and Engagement (CEEN) and Curriculum and Instruction (CI). The CEEN concentration prepares students for careers in community-based organizations, foster care agencies, childcare centers, schools and other community and educational institutions. The CI concentration prepares students for careers in school-based work that support students learning and growth. Both concentrations offer a solid foundation of humanities, sciences, and education courses, with flexibility for pursuing electives, a minor, or even a dual major in an area of interest. Educational Studies graduates can pursue graduate programs in education, counseling, business administration, or organizational leadership.

BEYOND THE CLASSROOM

HANDS-ON EXPERIENCE

Co-op and Service Learning immerse students in the real world and provide rich opportunities for experiential learning and the application of skills and knowledge learned in the classroom. Students work under the supervision of a faculty member and an agency professional in a variety of non-profit and for-profit organizations and community partners.
