BEYOND THE CLASSROOM

HANDS-ON EXPERIENCE

Field work, provided through Service Learning, practicum placements, and student teaching, immerses students in real-world experiences to apply learned practices. Students learn instructional and assessment strategies that address individual learning barriers. Candidates are placed in a variety of school settings with diverse populations of students. These experiences are key to the development of highly qualified, collaborative, caring, and reflective educators who uphold the tradition of social responsibility, academic excellence, and ethical leadership.
